COVID-19 Safety Protocols and Policies

- **Limited class sizes:** For September, in-person group classes are limited to a maximum of 5 or 6 participants (depending on movement style). Due to the small nature of our studio space, face coverings are required at all times for group classes. *(If you have a condition that prohibits you from exercising with a face covering, you may remove your mask once situated on your mat or barre space.)*
- **Entering and exiting:** The lobby area will have limited seating before and after class time. Please wait outside or in your vehicle if there is another class underway when you arrive. Personal belongings brought in should be limited. Bins are available for storing essential items like purses, keys etc. while you are in class. Face coverings must be worn while entering and exiting the studio and while in the lobby.
- **Designated movement areas:** The studio will be taped off into designated spaces for each participant, large enough to accommodate your mat, spaced 6 feet from others. Please stay in your movement area for the duration of class. If you need to leave your mat for any reason, a face covering must be worn.
- **Equipment:** You may use studio equipment or provide your own. If using studio equipment, we ask that you use provided wipes to clean your mat then place it in the designated “used equipment” area for disinfecting.
- **Illness:** If you are experiencing any symptoms of COVID-19 including shortness of breath, fever, sudden loss of smell or taste, nausea, sore throat etc., or have been informed of a possible exposure to COVID-19 within the past 14 days, do not enter the studio and take class on Zoom as an alternative.
- **No contact instruction:** Instructors will not be offering hands on corrections or assistance, unless it’s determined that a student is at immediate risk of injury without the hands-on correction.
